

- Distillery Plants
- Malt Spirit, Grape Spirit Plants
- Effluent Treatment Plants
- Alcohol based Chemical Plants

You trust...we deliver...

Know us...

We live in a highly competitive world where even very small details count. EPC is an art as well as science where time, quality and cost are crucial components. Not any body and everybody can do it!

We at Alco Tech do it professionally....

We offer turn-key solutions with best technology & specifications. Our innovative approach & right application of our vast experience has led us to develop one of the best technologies having distinct advantages over traditional approach.

Vision:

To become the most trusted EPC solution provider by delivering turn key projects with accurate technical expertise and support services thereby achieving customer excellence every time.

Mission:

Our aim is to provide quality, innovative and cost effective solutions by using latest tools and techniques taking into consideration client's specific needs ensuring 100% client satisfaction even after post production.

Why Alco Tech:

- A winning combination of passion, creativity and innovation and latest techniques, quality processes and
- We understand the important of transparency and right from the beginning set the highest standard
- Vastly Experienced team of professionals
- Ensure client's profitability

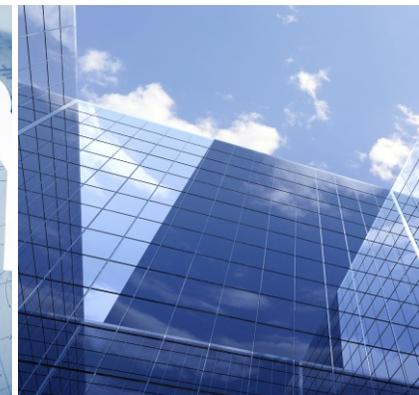

Alco Tech is Engineering, **Procurement and Construction (EPC) solutions provider**. The company became operational in the year **2001** with the intention to **provide 100% turnkey solutions** from concept to commissioning.

We put in consistent efforts to ensure **cost optimization, use latest technology with lesser utility consumption, robust construction, excellent workmanship & the result** is nothing but the Best Performance.

We at **Alco Tech** have in depth knowledge and experience and are passionate about completing our tasks professionally. Ensuring **client profitability** gives us great happiness and we wish to innovate and excel at every step.

Quality Policy:

We are completely and whole-heartedly committed to our customers for delivering excellent and best quality products and service through our Total Quality Management System. We strictly follow all applicable International Standards & Procedures like ASME, TEMA, API etc. Our Quality Assurance & Control Systems ensures best quality always.

Business Lines...

Our technology serves a range of products like RS, ENA, Industrial Alcohol, Fuel Ethanol, Malt Spirit, Grape Spirit, Ethyl Acetate & by-products like DWGS, DDGS, Bio-Compost, Organic Powder etc based on all kind of raw materials like molasses, grains, cassava, tapioca, barley, fruits like grapes etc.

Latest and Modern Process Technology

- All types of latest technologies like Continuous, Fed Batch, Multi-Pressure, Vacuum, Multiple Effects, Molecular Sieve etc.
- Max. conversion of raw material to product with higher efficiency.
- Finest quality of products which surpasses international norms.
- Operator friendly plants with State of the art automation system.

Zero Liquid Discharge (ZLD) ETP Systems

- Fully operative & Exhaustive Effluent Treatment Plants
- Multiple options available to meet pollution board's norms.
- Generates value added by-products through Effluent Treatment
- Reduction of fresh water in-take through treated water recycle

Minimum Investment & Operating Cost

- Better Understanding of client's requirement
- Very competitive pricing with Best technical specifications
- Less - utility consumption, manpower, maintenance
- Optimum equipment design & selection to reduce operating cost.

Self Sufficiency in Power

- Captive Cogeneration Plant (Boiler & Turbine)
- Proper process selection to suite steam & power scenario.
- Proper Steam & Power Balancing for all operating conditions
- Reduces operating cost to great extent

Turn-key solutions for following industry domains: (DEMA)

- Distillery Plants
- Malt Spirit, Grape Spirit Plants
- Effluent Treatment Plants
- Alcohol based Chemical

Our Various Products:

- Liquefaction
- Fermentation
- Distillation
- Dehydration
- Biomethanation
- Multiple Effect Evaporation
- Bio-Composting
- Ethyl Acetate

Additional Services:

- Liasoning Assistance
- Detailed Project Report
- Project Management
- Technical Audit
- Trouble shooting

Some of Our Prestigious Clients...

- United Spirit Ltd. Hospet, Karnataka
